

## The rules and instructions concerning the use of Xbox 360

1. In matters concerning the Xbox console or the guild room in general contact the corresponding board member of Cluster ([kiltahuone@cluster.fi](mailto:kiltahuone@cluster.fi)). You can contact every board member of Cluster at [hallitus@cluster.fi](mailto:hallitus@cluster.fi). For further details see [www.cluster.fi](http://www.cluster.fi).
2. The game console/television/radio are dedicated to the use of the members of the guild. However, please pay regard to the other users of the guild room. The volume is to be kept on a reasonable level for the sake of those who are using the guild room for studying.
3. **The usage of the Xbox game console is based on trust. If the rules presented in this document are broken, the use of the console will be denied!**
4. Peripheral equipment, games etc. are listed in a separate list near the console. Check that the items listed on the list are extant before using the console!
5. If you find the console or any equipment broken/missing, inform the board of the guild immediately!!!
6. If one does not inform the board of the guild about items accidentally damaged, the act is seen as intentional and offence of these rules. The person that has caused the damage is liable to pay the damages and will be expelled from the guild. In addition, the incident is reported to the administration of the university. The reported accidents are handled individually and person(s) causing the accident will not be punished in normal cases.
7. Persons stealing from the guild room are executed behind the sauna! After that the theft is reported to the police and the administration of the university. A person guilty in stealing will also be expelled from the university! **NOTE!** If you are still considering of stealing the guild property, please do understand that everyone entering the guild room is recorded by the electric surveillance system of the university. Furthermore, it is impossible to exit the university without being recorded by a video camera. Note that the guild room property is checked daily by the members of the board.
